YOUR ROVING DREAM HOME

TRANSFORMED

The first motor coach to make true residential luxury an over-the-road reality, Essex has received a thorough makeover for 2018, beginning with an ultra-modern cockpit that features a new digital display and dual touchscreen monitors, Rand McNally® navigation, and a pair of newly designed heated Ultraleather™ captain's chairs.

THE BEAUTY IS IN THE BEAUTY IS IN THE BEAUTY IS IN

Meticulously designed, the Essex cabin is both chic and bountiful, fusing lavish amenities like an available 100" side-folding Hide-A-Bed sofa with intuitive technology like a retractable Sony® LED TV, Bose® SoundTouch 300 soundbar, Wi-Fi booster, and a tablet that enables you to control electronics, lighting, and more.

THE NEWMAR LEGACY

50 years, built one by one.

Driven to engineer and build the highest-quality RVs the world had ever seen, Marvin Miller and Marvin Newcomer founded Newmar Corporation in 1968.

The pair set up shop in the small Midwest woodworking town of Nappanee, Indiana, where they discovered the people who would establish Newmar as a leading RV manufacturer over the next half century. Artisans and engineers, product designers and quality-control experts to whom being the best is more important than being the biggest.

As we move toward 100 years as a company, our products will continue to evolve. But one thing that will never change is our commitment to hand-crafting excellence, one coach at a time.
