Convenience at every turn.

With King Aire, the smallest details lead to the most pleasant surprises. Like an exterior Sony® 40” HDTV that extends and pivots for the best viewing angle, all while delivering cinema grade 5.1 Surround Sound through optional integrated Bose® speakers. Or LED illumination conveniently positioned beneath power-assisted, enhanced-height storage compartments – to make truly light work of cargo. Trust Newmar to deliver all the room and convenience you need to live large.

Taking control has never been this comfortable.

Settle into the Villa Furniture seats in King Aire’s master cabin and you enter a new realm of convenience and comfort. As you sit behind the most user-friendly control console in the industry, the one-piece bonded windshield gives you a commanding view with outstanding sightlines. Getting there has never been easier, with Nav-N-GO® GPS and Newmar’s unique Comfort Drive™ Steering among the driver assistance features that make every journey a smooth one. With added peace of mind, optional Safety Cruise monitors the road to help maintain safe distances with vehicles ahead, even in fog and mist.

With King Aire, Newmar puts you behind the wheel of 600HP of diesel adrenaline from Cummins®, more than enough power to take the next hill with graceful ease. It’s part of a hefty powertrain that also boasts an Allison® 4000 MH transmission, with reliable electrical service from a Cummins Onan® Quiet Diesel™ Generator. All nestled within the durable embrace of a Spartan® K3 Chassis with 20,000 lb. Independent Front Suspension. Happy trails, indeed.
