2012 DUTCH STAR
A DRAMATIC NEW CLASSIC.
DUTCH STAR BOLD STATEMENT SPEAKS VOLUMES. IN SILVER, GRAY, BLACK AND WHITE.

The newly styled 2012 Dutch Star brings a sense of drama to an industry classic. From vibrant new fabrics to oiled bronze light fixtures and accents to black and white diagonal polished porcelain tile floor – Dutch Star shines. Details like Corian® backsplashes with polished porcelain tile and black glass inserts in both kitchen and bath stand out. But Dutch Star’s rich, black UltraLux® leather furniture, captain’s chair and dash create a grounding contrast.

THE DRIVE IS AS COMFORTABLE AS THE COACH.

Comfort Drive,™ another exclusive Newmar innovation, means less effort turning the wheel when you back up or turn. The steering wheel returns to center automatically, even after hard turns. With Comfort Drive,™ you steer with a light grip, making long trips less tiring.

TAKE COMMAND.

Dutch Star’s Comfort Drive™ Steering makes it easy to take command of the road. And with cruise control and antilock brakes, you get all of Newmar’s road safety options.

PURE ENJOYMENT.

Enjoy the ride in Dutch Star’s new captain’s chair stitched in black UltraLux® leather.
GRAPHIC SIMPLICITY, WITH A BIT OF MEDITERRANEAN FLAIR.

As soon as you step into its coach, you’ll feel Dutch Star’s bold new mood. A floor of bright white polished porcelain tiles, accented with black glass inserts, greets you. Its kitchen backsplash picks up the same theme, with bold white porcelain tile and black glass inserts. Its accent fabric seems reminiscent of the wrought iron of a quaint Spanish villa. And its Black UltraLux® leather furniture adds a sharp contrast—and a sense of repose.

STELLAR DESIGN.

The wood’s the thing. And it’s hand-crafted silverado glazed maple,* from exquisite raised panel cabinetry with lidshaped to fluted columns with carved decorative header. Rounded bathroom cabinetry in the master bath and a radius hardwood wall outside the mid-coach bath softens the look.

RICH BEAUTY.

Dutch Star’s main cabin features all new window treatments and a new ceiling design that ties in with its dramatic wood and fabric choices.

Dutch Star, a high performing motor coach, has a Freightliner® chassis with Independent Front Suspension. Its tubular truss web frames and substructure beams form a foundation stable enough to allow extensive pass through storage. This allows Dutch Star to expand beyond its chassis footprint, creating extra living space. Its Cummins® ISL 400 or 450 HP engine gives you incredible maneuverability and power, even on steep inclines. And if you should ever need it, Freightliner’s roadside assistance program is in place for the entire warranty period.
