Subject: Thanks!

Hope you and the family are well. Your mother and I are enjoying our travels. Tell Jack we appreciate his help in picking out this Torrey Pine. The décor, the appliances, the towing…everything is perfect. Your mother just can’t get enough. I think I earned some major brownie points with this purchase, so thank Jack again!

See you all soon,
Dad

Subject: Enjoying the Journey

We’ve been on the road for a few weeks now and we keep finding more things we love about our Torrey Pine… a super convenient kitchen, plenty of storage, a fantastic Surround Sound system…the list goes on. We’ll be swinging by next month and you’ll get to see it for yourself. Can’t wait to show it off!

Hope you’re doing well. Talk to you soon.

Carol

Sit back and relax in front of the entertainment center with high-definition capabilities and enjoy the warm glow of the optional fireplace available with a beautiful Corian® hearth. Glider recliners offer comfort and support, while the hide-a-bed sofa easily converts to accommodate overnight guests—from grandkids to old college friends.

38LSHS shown with Portafino décor and Windsor Beech hardwood cabinetry.

Enjoy coffee, cuisine and cards at the freestanding dinette table with convenient extensions for extra room. The chairs offer handy in-seat storage for all those miscellaneous necessities.
Another Newmar Innovation, the Slideout Cog Wheel, was designed for a fuller engagement of the gears to prevent common gear slippage. The complete slideout system – from the superior-strength foundation through the durable high-torque motor mechanism, to the independent operation and the unique self-storing travel-lock arms – is designed to provide years of convenient, smooth, dependable service.

The Torrey Pine galley comes complete with the latest in RV kitchen technology and conveniences. You’ll love the high-efficiency Norcold® refrigerator that blends with the woodwork, and the pantry with sliding shelves keeps all of your dry goods right at your fingertips while ensuring they’re secure for travel.

The rich Windsor Beech hardwood cabinets are vented, allowing circulation to keep the air in your food storage areas fresh. The extra-deep drawers glide effortlessly on ball-bearing guides and provide ample storage space.

Newmar does things differently. Extra Mile Differences are found throughout Newmar RVs – in places you see and in places that are not so obvious. Look for the EMD emblem to learn about those features that show how Newmar goes above and beyond to provide a stronger, more durable, superior product.
The vanity with lighted mirror and radius countertop edge add beauty and functionality. Find a handy step stool tucked beneath the sink, perfect for reaching high places or giving little hands better access to the sink. Lift the top and store more items within the drawer.
Unwind in the beautifully decorated bedroom suite that features hardwood fascias, fabric headboard and decorative glass door accents. The carefully selected fabrics offer a soothing and relaxing environment, from the window coverings to the luxurious, quilted bedspread. Find complete rest on the queen-sized bed that comforts you after a long day of travels.

Load up the Torrey Pine with clothes and travel necessities thanks to the cedar-lined closet, hardwood bureau and under-bed storage.
Your Torrey Pine fifth wheel reflects Newmar’s long history of product innovation and industry “firsts.” You can depend on the exacting standards and meticulous care by which this fifth wheel is built. It’s a showcase for Newmar value.

There is much more to Newmar products than what can be seen at first glance, which is one reason the Newmar name is known and trusted among RVers. Take a look at the construction details of Torrey Pine and you will see an RV that is built for outstanding quality and comfort, from the inside out.

Newmar Express Limited Warranty
As proof of our commitment to you, we at Newmar back every Torrey Pine fifth wheel with our industry-leading, one-year Newmar Express Limited Warranty. Ask your dealer for details.

The Limited Five-Year Structural Warranty
If any part of your Newmar recreational vehicle superstructure (which is the steel/aluminum structure of the sidewall, roof, or frame) fails to perform properly within five years, from the date of purchase, due to faulty workmanship or material supplied by Newmar, it will be repaired without charge for either parts or labor by Newmar. This structural warranty is available only to the original purchaser and is non-transferable.

The Torrey Pine front cap has been redesigned to provide easy towing with short-bed trucks as well as standard-bed trucks, allowing for a 60-degree turning angle while maintaining its pleasantly streamlined look.

1. The Optional Rear Ladder provides easy access to the strong, walkable rooftop, which is covered in BriteTEK®, a protective membrane that is superior to rubber roofs. BriteTEK® resists tears and punctures, is simple to clean, and its nonporous surface effortlessly washes away the dirt, grime and acid rain residue which create chalking and black streaks.

2. Optional MOR/ryde® Pin Box absorbs jolts between the fifth wheel and the truck and acts as a cushion to significantly reduce the effect of chucking and road shock, providing a smooth and comfortable towing experience.

3. The Expansive Pass-Through SuperStorage™ Area is heated and lighted. It boasts two handy cargo hooks and three-way access. Utility components are located in a separate, easily accessible compartment within the SuperStorage™ area, shown with optional pullout storage tray.

Extra Mile Differences
Newmar Pioneered and has a Patent on the Flat-Floor Slideout. Sliding a room in and out poses some out-of-the-way engineering and sealing challenges to do it right. Newmar developed an improved slideout wedge roof design that forms a tighter closure when the room is extended. A specially developed double-bulb, superior-memory seal provides protection from outside elements and insects, and sweeps off debris on room retraction.

WG. 5/8" Bead Foam Insulation
WH. 3/16" Plywood Wall Panel
WI. Vinyl Overlay
Extra Mile Differences

Newmar-Made Skid Bars are a lot different from the flimsy ones that are more commonly used. Constructed of thick bar steel and reinforced with even more steel, this is the super-duty, real-world version to help protect the RV underbelly from abruptly angled roadway approaches. A Newmar exclusive.

You asked how our travels have been? We’re having so much fun! Our floorplan is fab...just what we need for trips by ourselves or with the little ones. Just look at how big our Marty is getting. We wouldn’t trade these trips for anything!

Talk to you later.

Stacey
