Now, there’s a coach that reflects your level of sophistication. Introducing the 2008 King Aire—the newest landmark in Newmar’s luxury line. Sleek in design and ample in style, this architectural marvel is destined to change the landscape of the luxury coach world forever.
Enjoy your tour of the groundbreaking King Aire. With its clean lines, rich colors and unique textures, there’s simply no other coach like it.

You’ll find only the most exquisite elements in this space, like high-gloss hardwood cabinetry, contemporary light fixtures and artistic porcelain tiling. And the cozy Villa™ furniture and Sony® LCD TV are sure to make you feel right at home.
Standing tall and handsome, King Aire is well on its way to becoming an industry icon. Notice how the exterior glistens, thanks to the Full-Paint Masterpiece Finish™ with Super Clear Coat and Diamond Shield protective film. You'll find each of its paint options as striking as the next.

Noted for its innovative features and charismatic design, King Aire provides a blueprint for the next generation of luxury coaches. Take, for instance, the video security system and remote-controlled exterior chrome mirrors with defrost, turn signal indicators and sideview cameras.
King Aire’s progressive kitchen looks and operates like a dream. The handcrafted hardwood cabinets were intuitively designed with deep storage space, self-closing drawers and long, brushed silver handles. And their sleek appearance is complemented by a distinctive tile backsplash.

Whether you’re a chef or a culinary novice, preparing any meal in your new kitchen feels like a gourmet experience. Observe the state-of-the-art stainless appliances, including the 30” GE Profile™ Advantium™ microwave oven and the optional French three-door refrigerator with icemaker and water dispenser.
Because every structure begins with a substantial foundation, King Aire is built on a Spartan® K3 chassis. And paired with the remarkable 600-hp Cummins® ISX engine, your coach is among the most powerful on the road. It also comes equipped with TripTek™ travel information and two touch-screen monitors—one for the Garmin® navigation system and another for the backup and sideview cameras.

You'll be pleasantly surprised by the minimal effort required to drive this premier coach. Exclusive Comfort Drive™ Steering makes turning, backing up and changing lanes stress-free. This cutting-edge technology returns the steering wheel to the center and helps you maintain a smooth course. You'll find there is little correction involved. Plus, with front and rear tag axles disc brakes, King Aire has real stopping power.
Welcome to your luxurious new master bedroom—a space designed for ultimate relaxation. Take a seat on the comfortable king-size bed with a King Koil® Turn-Free Mattress. King Aire’s soft lighting and stylish suede headboard, duvet and accent pillows create a Zen-like atmosphere for watching your 40” Sony® LCD TV.

If you love shopping, the fragrant cedar-lined wardrobe, spacious cabinets and underbed storage can comfortably house all of your personal effects.
Standard Features & Optional Features

CHASSIS FEATURES

-52" Sony LCD TV in Living Area*

CABINETS & FURNITURE

- 15,000 lb. Towing Hitch with Two Extra Batteries*

CONSTRUCTION FEATURES

- RV Sani-Con Waste Disposal System
- Tight Spot Maneuver System

PHOTO & CAMERA FEATURES

- Mobile Home Water Filter
- Diamond Shield Front Protective Film

ELECTRICAL FEATURES

-Monoplex Water-Pump Switches Located in Bathroom, Kitchen and Near Gate Valves
-Cabinets are Diamond Shielded

EXTERIOR FEATURES

- Polygonal Container Cover
- Dual Latch Front Door with Power Flush
- Advanced Graphics on Slideout Awning Covers

AIR CONDITIONING & HEATING

- 15,000 lb. Towing Hitch with Two Extra Batteries*

APPLIANCES & ACCESSORIES

- Outdoor Stove with Overhead Ventilation System
- 12" x 12" Safe
- RV Sani-Con Waste Disposal System

PLUMBING & BATH FEATURES

- Power Vertical Drop-down Windshield Area
- Undercoating
- Squeegee in Exterior Compartment
- Undercoating
- Power Lock Arms on All Slideout Rooms
- Battery Disconnect Switch

EXTERIOR FEATURES

- TV Antenna in Weatherproof Cabinet
- Power Vertical Drop-down Windshield Area
- Diamond Shield Front Protective Film
- High-Strength Stainless Steel Frame

AIR CONDITIONING & HEATING

- 50-Amp Electrical Service with Flexible Cord on Power Compartment
- 12.5 kW Cummins Onan Generator Start
- Undercoating
- RV Sani-Con Waste Disposal System
- Battery Disconnect Switch

APPLIANCES & ACCESSORIES

- Classic Green High-Gloss Cherry
- 12.5 kW Cummins Onan Generator Start
- Zipper Entry
- Wireless Internet Connection
- Corian
- Wireless Internet Connection

CABINETS & FURNITURE

- Ultraleather/Vinyl Heated Driver Seat with Eight-Way Power
- Microwave Oven
- 12" x 12" Safe
- Ultraleather/Vinyl Heated Driver Seat with Eight-Way Power
- Electric Convector Heat in Bathroom and Bedroom

CONSTRUCTION FEATURES

- Modified One-Piece Bonded Windshield
- Convex Exterior Chrome Mirrors with Remote Control, Folding Mirrors and Faux Fur Throw
- Overhead Cabinets
- Dual Latch Front Door with Power Flush
- Convex Exterior Chrome Mirrors with Remote Control, Folding Mirrors and Faux Fur Throw

EXTERIOR FEATURES

- 32" Sony LCD TV in Living Area*
- Electrical & Water Compartment
- 50-Amp Electrical Service with Flexible Cord on Power Compartment
- 12.5 kW Cummins Onan Generator Start
- One-Piece Bonded Windshield

AIR CONDITIONING & HEATING

- 12" x 12" Safe
- Heat Pump Central Air Conditioners
- Undercoating
- RV Sani-Con Waste Disposal System
- Battery Disconnect Switch

APPLIANCES & ACCESSORIES

- Classic Green High-Gloss Cherry
- Microwave Oven
- 12.5 kW Cummins Onan Generator Start
- Zipper Entry
- Wireless Internet Connection

CABINETS & FURNITURE

- Ultraleather/Vinyl Heated Driver Seat with Eight-Way Power
- Microwave Oven
- 12" x 12" Safe
- Ultraleather/Vinyl Heated Driver Seat with Eight-Way Power
- Electric Convector Heat in Bathroom and Bedroom

Specifications

**GAWR**: Gross Axle Weight Rating is the maximum permissible weight for an axle.

**GVWR**: Gross Vehicle Weight Rating is the maximum permissible weight for a fully loaded motor coach.

**GCWR**: Gross Combination Weight Rating is the value specified by the manufacturer of the vehicle as the maximum allowable loaded weight of this motor coach and any towed trailer or towed vehicle.

**UVW**: Unloaded Vehicle Weight is the weight of this motor coach as built at the factory with full fuel, engine oil and coolants. The UVW does not include cargo, fresh water, LP gas, tools, tongue weight of towed vehicle, dealer-installed accessories, etc.

**NCC**: Net Carrying Capacity is the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, waste water, LP gas, tools, tongue weight of towed vehicle, dealer-installed accessories, etc., that can be carried by the motor coach.

Newmar Central Air Conditioning

Newmar’s exceptional Total Comfort central air conditioning is standard on every King Aire. The system consists of two separate fully ducted systems—one to distribute incoming cool air, the other to quickly and effectively remove warm air from your living area.

Newmar Express Limited Warranty

Every King Aire Diesel Bus is backed by Newmar’s two-year limited warranty unlimited miles. Ask your Newmar dealer for details.

LIMITED 5-YEAR STRUCTURAL WARRANTY

If any part of your Newmar recreational vehicle’s superstructure, which is the steel/aluminum structure of the sidewall, roof or frame, fails to perform properly within five years from the date of purchase because of faulty workmanship or material supplied by Newmar, it will be repaired without charge for either parts or labor by Newmar. This structural warranty is available only to the original purchaser and is non-transferable.

When they built the K3, Spartan’s engineering team threw conventional design out the window to create the strongest chassis ever built. The web of tubular truss frames and sub-structure support beams create a solid, stable foundation with extensive pass-through storage. The K3 offers a GWR of 54,000 lbs., with a 14,000 lb. tag axle. The high GWR and sound structural design allow OEMs to expand the chassis footprint, adding additional living space to the motor coach’s interior. When you drive your coach built on a Spartan K3 chassis, you can be confident that you have the most powerful, highest performing coach on the road.

Construction

King Aire is a showcase for Newmar’s exacting standards, meticulous detailing and legendary craftsmanship. The sturdy coach boasts a one-piece molded fiberglass roof and 16” on-center framing like that of a fine, site-built home.
