A Good Night’s Rest
When you're ready to retire for the night, the Kountry Star's bedroom greets you with the comforts of home. A King bed. An optional, luxurious pillowtop mattress. A 26-inch LCD TV. And, so you don’t have to leave anything behind, the cabinets and space beneath the bed provide plenty of storage for your personal belongings.

The screen door allows easy entrance into and exit from the Kountry Star.

IN THE CAPTAIN’S CHAIR
The Ultraleather driver and passenger seats in the cockpit provide maximum comfort with optional heated seats.

Sit Back and Take Control

Comfort Drive™ STEERING

AUTO-CENTERING
Regardless of the position of the steering wheel, even after a hard turn, it always returns to center automatically.

EASY TURNING
The Comfort Drive steering system seriously reduces the effort required in handling your coach.

BACKING UP
Comfort Drive makes backing into your campsite a much easier task through reduced effort and auto-centering.

Spartan® Mountain Master Chassis with Comfort Drive
Together, the powerful Spartan Mountain Master diesel pusher chassis and our exclusive Comfort Drive™ steering system provide superior ride and handling and excellent driving performance. The Mountain Master chassis is one of the most reliable chassis on the market, backed by a 36-month, 50,000-mile, no-deductible warranty, including roadside assistance. Comfort Drive steering reduces the driver’s efforts in taking the wheel and controlling the coach in situations such as parking, cornering and backing up, automatically correcting steering to improve maneuverability.

Newmar Total Comfort™ Central Air Conditioning—Experience RV air conditioning just like that found in site-built homes. Newmar’s Total Comfort Central Air Conditioning is actually two separate, fully ducted systems: one to distribute incoming cool air, the other to quickly and effectively remove warm air from every living area.

Sikaflex®
Used throughout Newmar construction, Sikaflex elastic adhesive is one of the strongest bonding agents on the market today. It also serves as a sealant against air and water. And it helps dampen both sound and vibration.

16" On-center Framing
Just like a fine site-built residential home, your Newmar home is framed 16 inches on center, which allows the best placement of outlets, switches and other components.
Newmar Express Limited Warranty
Every Kountry Star Diesel Pusher is backed by Newmar’s one-year limited warranty/unlimited miles. Ask your Newmar dealer for details.

The Limited Five-Year Structural Warranty
If any part of your Newmar recreational vehicle superstructure (which is the steel/aluminum structure of the sidewall, roof or frame) fails to perform properly within five years, from the date of purchase, due to faulty workmanship or material supplied by Newmar, it will be repaired without charge for either parts or labor by Newmar. This structural warranty is available only to the original purchaser and is non-transferable.

Full-Paint Masterpiece Finish™
Newmar’s Full-Paint Masterpiece Finish raises the exterior beauty and durability of our motorhomes to a whole new level. This model year, we’re offering our rich-looking graphics even—to lend even more character and class. As industry leaders in applying full body paint to motorhome coaches, we at Newmar are pleased to offer the Full-Paint Masterpiece Finish as a Kountry Star Diesel Motorhome standard.

We craft every motorhome with a special attention to detail, no matter how small or large. From the feel of the fabric, to the smooth touch of the custom-built cabinets, to our selection of color options. Every little detail and finishing touch contributes to the overall style and comfort of each motorhome. Whether you look from afar or study them up close, you’ll notice the Newmar difference.
