When the open road calls, choose the 2008 Dutch Star to lead the way with class and personality. A wealth of standard features, upscale options and Newmar craftsmanship create a plush, comfortable environment that feels just like home. The high-horsepower engine delivers the performance to take you mile after mile, journey after journey. Sophistication, style and power—now you're headed in the right direction.
MICROWAVE
The standard 30-inch convection microwave oven makes cooking and reheating meals quick and simple.

COOKTOP
When you’re not using the three-burner cooktop with piezo ignition, the polished Corian® range cover can be folded into place for more countertop space.

DOMETIC® FOUR-DOOR REFRIGERATOR
This Dutch Star option features a water dispenser and adds true home-style functionality to your kitchen.

STYLISH DINING
The hidden-leaf dinette table with two fixed chairs (and two folding chairs) provides a cozy area for eating meals or enjoying other activities.
Living the Good Life

No matter where you travel, the Dutch Star brings the comforts of home on every journey. The spacious living area offers luxuries such as Flexsteel® furniture, an LCD TV (26, 32 or 40 inches) and a Sony® surround-sound home theater system with a single-disc DVD player for front-row entertainment.
WASHER AND DRYER
The optional one- or two-piece washer and dryer will help you keep your clothing fresh and clean throughout your travels.

WARDROBE
The large wardrobe closet with mirrored doors provides additional storage and features shelves in the back to help keep your possessions organized.

BATHROOM AMENITIES
In the lavatory, the polished Corian® countertop featuring an integrated bowl adds a touch of refinement, while drawers under the sink provide plenty of space for personal items.

BEDROOM AMENITIES
The bedroom features generous hardwood cabinets and a 26-inch LCD television that’s ready to entertain.

Sweet Dreams
The Dutch Star’s bedroom is filled with amenities and rich details, making it an inviting place to relax and unwind any time you need a break.

The standard luxurious pillowtop mattress will help you drift off to sleep in comfort.
Command the Road

The Dutch Star’s functional cockpit makes taking the wheel and navigating the road comfortable and convenient. The ergonomic design of the Dutch Star’s dash puts instruments and controls within easy reach, while the leather/vinyl driver and passenger seats come standard with six-way power adjustment and power lumbar to help you find the perfect seating position. And a convenient rearview color monitor system provides additional safety wherever you go.
Comfort Drive™

STEERING

AUTO-CENTERING
Regardless of the position of the steering wheel, even after a hard turn, it always returns to center automatically.

EASY TURNING
The Comfort Drive steering system seriously reduces the effort required in handling your coach.

BACKING UP
Comfort Drive makes backing into your campsite a much easier task through reduced effort and auto-centering.

Spartan® Mountain Master Chassis with Comfort Drive

Together, the powerful Spartan Mountain Master diesel pusher chassis and our exclusive Comfort Drive™ steering system provide superior ride and handling and excellent driving performance. The Mountain Master chassis is one of the most reliable chassis on the market, backed by a 36-month, 50,000-mile, no-deductible warranty, including roadside assistance. Comfort Drive steering reduces the driver's efforts in taking the wheel and controlling the coach in situations such as parking, cornering and backing up, automatically correcting steering to improve maneuverability.
Newmar T otal Comfort™ Central Air Conditioning

Experience RV air conditioning just like that found in site-built homes. Newmar’s Total Comfort Central Air Conditioning is actually two separate, fully ducted systems: one to distribute incoming cool air, the other to quickly and effectively remove warm air from every living area.

Protected C-channels
To keep the electrical wiring that runs through holes in the aluminum-frame C-channels from chafing, each hole is ringed with a rubber grommet.

Sikaflex®
Used throughout Newmar construction, Sikaflex® is one of the strongest bonding agents on the market today. It serves as a sealant against air and water, and helps dampen both sound and vibration.

Newmar Express Limited Warranty
Every Dutch Star Diesel Pusher is backed by Newmar's one-year limited warranty/unlimited miles. Ask your Newmar dealer for details.

The Limited Five-Year Structural Warranty
If any part of your Newmar recreational vehicle superstructure (which is the steel/aluminum structure of the sidewall, roof or frame) fails to perform properly within five years, from the date of purchase, due to faulty workmanship or material supplied by Newmar, it will be repaired without charge for either parts or labor by Newmar. This structural warranty is available only to the original purchaser and is non-transferable.

Full-Paint Masterpiece Finish®
Newmar’s Full-Paint Masterpiece Finish raises the exterior beauty and durability of our motorhomes to a whole new level. This model year, we’re offering our rich-looking graphics even—to lend even more character and class. As industry leaders in applying full body paint to motorhome coaches, we at Newmar are pleased to offer the Full-Paint Masterpiece Finish as a Dutch Star Diesel Motorhome standard.

T he Newmar Touch
We craft every motorhome with a special attention to detail, no matter how small or large. From the feel of the fabric, to the smooth touch of the custom-built cabinets, to our selection of color options. Every little detail and finishing touch contributes to the overall style and comfort of each motorhome. Whether you look from afar or study them up close, you’ll notice the Newmar difference.
