Introducing the 2007 Essex—the head-turning, heart-stopping fusion of his and her worlds.

When Newmar engineers were designing the extraordinary 2007 Essex, they discovered an interesting relationship between power and elegance. Essex’s brawny infrastructure possessed a strikingly poetic quality. And conversely, the gorgeous interior space evoked a powerful, unexpected response.

After many long hours working to perfect this relationship, the engineers revealed their finished product—a mind-blowing luxury vehicle that offers unparalleled amenities for both him and her.

Behold the power and beauty of Essex.
Essex is tall and sweeping, from its aerodynamic front cap to its monumental rear cap. And with Full-Paint Masterpiece Finish™ and high-gloss Super Clear Coat with Diamond Shield Front Protective Film, Essex’s stunning exterior will look new for years to come.

The new one-piece windshield and convex chrome mirrors with remote control, defrost and turn signals enhance your driving visibility and allow a superior view of the road as it rolls beneath you.

It’s your turn to own the road.
Lose yourself in the graceful curves and details that give Essex its distinctively residential feel. The exquisite fabrics and textures, distinguished columns and polished porcelain floors are all heart-stirring.

Come inside. Your new living area is spectacular. Each intelligently designed floorplan, with up to four masterfully crafted slideouts, was designed with careful attention to detail and all the modern conveniences you desire.

Savor the breathtaking views inside and out. Lose yourself in the graceful curves and details that give Essex its distinctively residential feel. The exquisite fabrics and textures, distinguished columns and polished porcelain floors are all heart-stirring.
Grasp Essex's impressive wheel and feel your heart race as you channel the incredible strength of its 500-hp Cummins® engine with an Allison® transmission. Essex owes its solid construction to legendary Newmar craftsmanship. Atop its massive Spartan® K2 chassis are cavernous pass-through storage compartments that are easy to access and spacious enough to accommodate your life on the road.

Experience a driving triumph.
The gorgeous Essex satisfies your appetite for artistry. Have a seat at your elegant dining table and rest assured, your kitchen can accommodate even the most discriminating gourmet.

Essex’s remarkable kitchen was built to make food preparation simple and enjoyable. Delight in convenient features, including spacious Corian® countertops, state-of-the-art appliances and an optional in-drawer dishwasher.

The meticulously hand-crafted hardwood cabinets throughout Essex are both attractive and functional. You’ll appreciate the dovetail drawer construction, decorative hardware and intricate detailing.

Indulge your refined palate.
Essex has phenomenal stopping power, thanks to its front disc brake and anti-lock braking system. The Accuride Accu-Shield™ aluminum wheels with automatic traction control let you gracefully hug the curves or stop on a dime—even in wet conditions.

On cool evenings, you’ll enjoy curling up next to your cozy optional electric fireplace. Turn the fire on with the remote control and bask in its warmth for hours.

Essex is known for its subtle, attractive touches. Notice the newly designed headlights and taillights that adorn Essex’s regal front and rear caps. The daylight system offers added safety while on the road.

Your favorite films are even more captivating when viewed on your home theater system—with a crystal-clear Sony® LCD TV and surround sound. State-of-the-art electronics are featured throughout your new luxury coach.
After a long day, nothing feels better than unwinding in a luxurious space that was created for just you. Prepare for bed at your personal vanity. Its mirror ingeniously doubles as a Phillips® flatscreen TV. Opposite your vanity is a stylish new headboard and optional four-poster bed that create an inviting backdrop for your dreams. Nestle into your grand, king-sized bed and wrap yourself in Essex’s deluxe bedspread and plush Westpoint® Top-Foam mattress. When sleep finally beckons, ease into a restful night on your comfortable King Koil™ Turn-Free Quilted Mattress. Your king-sized bed raises to reveal plentiful storage for folding chairs and off-season clothing. And the rich hardwood cabinets and deep cedar-lined closet are large enough to comfortably conceal your personal items. Luxuriate in style and grace.
Stepping behind the wheel has never felt this exhilarating. The powerful new Essex handles almost intuitively. Revolutionary Comfort Drive® delivers unprecedented power steering in a motor coach and allows you to drive with the ease of a luxury automobile. It's a Newmar innovation you won't find anywhere else.

Slide into the comfortable driver's seat and master the terrain. Your heated ultraleather seats were designed to endure the long haul with an eight-way power control, automatic recline and power lumbar support. Controls and gauges are within easy reach, including the all-encompassing Pioneer® Navigation System with an AM/FM stereo, CD player, GPS system, DVD player and a 10GB MP3 player.
Your exquisite bathroom is replete with Corian® countertops with no-drip edges and hardwood cabinets that provide ample space for toiletries. Polished silver fixtures and frosted glass help create the perfect ambiance for your morning routine.

Your master bedroom's vanity includes a comfortable fabric sitting stool and a Bose® Wave Radio. The vanity's mirror transforms into a 30” Philips® TV or a computer monitor at the touch of a button.

Whether you're preparing a small snack or a five-course meal, cooking is a breeze with your standard 30” GE® convection microwave oven and two-burner recessed stove. Spacious countertops allow plenty of room for preparation and all of your cooking utensils.

The stage is set for stimulating conversation at Essex's dining table with four decorative chairs or optional ultraleather divanette. The mood lighting in the vaulted window arches is sure to enrich all of your dining experiences.
Newmar Express
Limited Warranty™

Every Essex Diesel Pusher is backed by Newmar’s two-year limited warranty/unlimited miles. Ask your Newmar dealer for details.

Total Comfort Newmar
Central Air Conditioning

Newmar’s exceptional Total Comfort central air conditioning is standard on every Essex. The system consists of two separate fully ducted systems— one to distribute incoming cool air, the other to quickly and effectively remove warm air from your living area.

Lengths, heights, widths and dry weights are approximate. Weight will vary based on optional equipment added to the above base weight.

**GAWR**: Gross Axle Weight Rating is the maximum permissible weight for an axle.

**GVWR**: Gross Vehicle Weight Rating is the maximum permissible weight for a fully loaded motor coach.

**GCWR**: Gross Combination Weight Rating is the value specified by the manufacturer of the vehicle as the maximum allowable loaded weight of this motor coach and any towed trailer or towed vehicle.

**UVW**: Unloaded Vehicle Weight is the weight of the motor coach as built at the factory with full fuel, engine oil and coolant.

**NCC**: Net Carrying Capacity is the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, waste water, LP gas, tools, tongue weight of the towed vehicle, dealer-installed accessories, etc. that can be carried by the motor coach.

*Spartan® K2 Chassis

The K2 chassis has set the standard in the marketplace for its strength and power. It is equipped with a powerful Cummins® ISM 500 horsepower engine, plus a sturdy and reliable 16,000 lb. IFS (Independent Front Suspension). The K2 is equipped with a Spartan roadside assistance program for its entire warranty period. Nothing can get in your way when you are equipped with a Spartan K2 under your coach. For peace of mind, there is a roadside assistance program for its entire warranty period.
