American Star Travel Trailer and Fifth Wheel

A SHINING EXAMPLE...

It’s a shining example of our unwavering dedication to quality — and our dedication to the quality of life for those who own an American Star. Look around — you’ll find pleasing design colors, ample storage, convenient access to service and brilliant lighting to illuminate your comfort. Newmar’s uncompromising quality offers you the freedom to explore the world and let your life shine.

Like what you see? Maybe you want to learn more about who we are — to discover more about what we mean by “Newmar Quality: A Way Of Life.” At newmarcorp.com, you’ll find the latest updates on individual model specifications, floorplans, special packages and more. You’ll also find a wealth of resources to become more familiar with our heritage, our history and our innovations.
A SHINING PRESENCE...

of elegant design and long-lasting durability that is unmistakably Newmar—the American Star. Smooth, one-piece fiberglass end caps and Filon® sidewall skins are as tough as they are beautiful. The fully-lined storage and easy-access utility compartments are spacious and functional, making for easy loading and easy living. New exterior graphics for 2003 add a finishing touch to this distinctive expression of Newmar innovation. The world is yours in the American Star. Experience it with comfort and class, no matter where the road and your heart lead you.

NEWMAR’S TRUE CENTRAL AIR SYSTEM—

Newmar’s True Central Air utilizes not only full ducting for incoming cool air but also a separate fully ducted system to quickly and effectively remove warm air from every living area. True Central Air is standard on every Newmar.
American Star Travel Trailer

A SHINING LIGHT...

inside the interior of every Newmar. A warmth that says, “Welcome home.” True to form, the American Star Travel Trailer welcomes you with comfort and convenience at every turn. Upgraded interior lights add new brilliance and highlight the innovative features that have made the American Star Travel Trailer a favorite choice of owners—features like placing electrical outlets in the same places you would expect to find them in your home. Three new interior décor choices let you select a look and feel that best fits your personality and tastes. Welcome to comfort; welcome to the American Star.
inviting you inside. It’s the character of every Newmar interior. True to form, the American Star Fifth Wheel is filled with Newmar innovation and intelligent design. It’s these qualities that make the American Star Fifth Wheel uniquely Newmar, and the choice of three new interiors and optional upgrades make it uniquely yours. Other enhancements for 2003 include upgraded lighting, to complement the beauty and functionality of your living environment. The American Star Fifth Wheel surrounds you with comfort at every stop along the way.
PRIDE AND TRADITION

Maybe it’s in the way Newmar employees take pride in their work and assume personal responsibility for each task they perform. Maybe it’s because these talented individuals build each Newmar, from the American Star Travel Trailer up to the London Aire Coach, on the same assembly line. Maybe it’s because Newmar’s leadership believes real quality is not found on a chart but in a way of life.

There are several things that make a Newmar special. Just like individuals, the qualities we value most are the inner ones. We build our products to reflect this way of thinking. We believe outer beauty is only worthwhile if it reflects inner quality. We back this quality with a one-year/12,000-mile, bumper-to-bumper limited warranty. It’s a commitment not only to our products, but also to our Newmar owners. And as with many other industry-changing innovations, Newmar was the first to offer this level of coverage, leaving the rest to follow suit. It’s all about freedom — comprehensive coverage and the peace of mind that goes along with it. This is the essence of Newmar.
