2000 KOUNTRY STAR BY NEWMAR

FIFTH WHEEL • CLASS A
For more than three decades, Newmar has pioneered the development of recreational vehicle design, construction and innovation - making the Newmar* name synonymous with the best in RV living.

Whether a first-timer or an old-timer, you will feel pride in owning a Kountry Star®. New contemporary exterior graphics in either Teal or Plum make a bold exterior statement, while on the inside you can choose from three beautiful color schemes in Diamond Blue, Primrose Garden or Cypress. Whatever Kountry Star model you select - isn’t it nice to know that you’ve made your selection from the very best!!
1) The slideout room in our Kountry Star® features a beautiful sofa, elegant dinette and window treatment.

2) A well-planned kitchen includes our beautiful Light Oak cabinets (shown) as standard equipment, with Snow Maple available as a tasteful option, a 22 1/2 in microwave, hardwood raised panel refrigerator and our deluxe grade, laminate floor.

3) The master bedroom in our Kountry Star features plenty of built-in storage space.

4) Beautiful cabinetry is home to a Fisher entertainment center that includes a tuner, CD and tape player.

5) In the Kountry Star's beautiful interior, the standard flat-floor slideout makes the living, dining and entertainment areas as open and comfortable as your home. Note the built-in desk and also the optional fabric and hardwood fluted fascia board and louvered window treatment.

6) Our standard Light Oak cabinets with raised panel doors set a great stage in the kitchen. The wood laminate floor is beautiful and easy to maintain.

7) The spacious planning of the master bedroom and bath have made the Kountry Star® Fifth Wheel a very popular model.

8-9) An abundance of built-in storage is found in the Kountry Star's master bedroom, including an optional dresser (shown in 8).
We love an educated consumer. The more you know about recreational vehicles, the more you'll appreciate ours. Some manufacturers might call our recreational vehicles "over built" - but that's a compliment to us. We make no apologies for building the finest recreational vehicles in the world.

Although Newmar® recreational vehicles are created and assembled in one of the largest and most advanced facilities, it's talented people that build our products. We are located in the heart of Amish Country in Nappanee, Indiana. Our employees blend old world craftsmanship with new technological advances that set our products apart. And because our products are built better, every Kountry Star carries our 3-year warranty.

It's a simple process for you to verify the quality of our products. The first step is to visit your Kountry Star Dealer and examine one of our fine products for yourself. Then ask a Newmar owner and learn first hand from someone who has experienced Newmar quality.

Kountry Star® Fifth Wheel units are built on a strong 12" I-beam frame. Our aluminum sidewalls and roof are built 16" on-center and 5/8" foam insulation is laminated into the sidewalks and ceiling along with an additional R12 in the sidewalls, R14 in the floor and R13 in the roof.

Now you're ready for the final and most enjoyable step - choosing a Kountry Star model that suits you. We challenge you to compare the quality of our Kountry Star models to any other, because we're sure you'll agree - there is none better than the best - Kountry Star from Newmar.
For as long as we've been building motorhomes, we've also been using them. Not for our own gratification, but as a family test of enjoyment. The way we see it, an investment in a motorhome is a wise one as long as it endures and provides lasting fun. Only those who build motorhomes the way we do dare to offer a 3 year warranty that is the most comprehensive in the business. That is a statement of pure confidence in the products we build. A statement from those who own a Kountry Star® can make every time they use their motorhome. A statement we've been making since 1968. A statement almost as startling as the new Kountry Star Class A itself.

For 2000, you'll find a wonderful line of Kountry Star Class A models. They are available in three excellent interior color schemes: Pale Amber, Chalk Blue and Plum Berry. The two sharp exteriors in either Taupe Pearl or Royal Blue truly stand out. On our smooth gel-coated exterior sidewalls. See why the Kountry Star Class A is a proven favorite at your Newmar® dealer today.
1) Handsome window treatments frame the dining area.
2) Light Oak hardwood cabinetry is handsomely displayed in this roomy kitchen. Snow Maple is offered as an optional woodgrain.
3) You will find a walk-around queen size bed and ample cabinetry in the master bedroom.
4) A simple push of a button transforms the flat-floor slideout into a big living and dining room area.
5) The spacious cab area has built-in cabinetry and TV. Leather/vinyl, 6-way power driver and passenger seats are popular options.
6) You will feel right at home in our Flosteel® recliner with adjustable headrest.
7) The bath includes a full size shower, sink and vanity, smartly planned next to the master suite.
For more than three decades, Newmar® has been building America's most popular recreational vehicles. Right from the start - customers like you recognized that a Newmar recreational vehicle was something special. In a world of cookie-cutter RVs, a Newmar product has always stood out for its innovative features, outstanding performance and unparalleled quality. And, while we’re proud of our tradition of excellence, we won’t rest on our laurels. We're constantly refining our recreational vehicles to make them even better. We believe the models featured in this catalog are the finest we've ever built. And, we back them with a bumper-to-bumper, three year warranty.

Thanks for taking the time to look over our products. We sincerely hope you will become one of our many satisfied customers who have learned that Newmar truly is An American Tradition of Excellence.

Mahlon Miller
Chairman of the Board

We invite you to visit our state of the art production facility in Nappanee, Indiana.

Plant tours are offered at 10:00 a.m. and 1:00 p.m., Monday through Friday.

[Newmar Kountry Klub]

Don’t forget to check out the Klub—the Newmar Kountry Klub, that is. All you need for eligibility is to be a proud owner of any of the fine Newmar recreational vehicles.

Compliments of:

Newmar Corp

An American Tradition Of Excellence
