The name is Dutch Star® - the perfect place to be when you want Newmar® style, comfort and quality at an attractive price. The Dutch Star Class A was conceived, designed, built and delivered with Newmar's unyielding passion to build the very best. And, Dutch Star for 2000 is just that - the best! There are two all new exterior graphic packages in Silver Green and Antique Bronze to choose from, plus three interior color schemes - Pine Green, Driftwood and Desert Bloom, that blend beautifully with your choice of Light Oak or Snow Maple (optional) woodgrains.

No matter what model or color Dutch Star you decide on, we know that you will be another satisfied Newmar customer who made his choice - the best!
1) A warm, cozy built-in dinette and coordinating sofa and window treatments offer plenty of room and real comfort in our flat-floor slideout.

2) A premium cast acrylic sink, Corian® countertops and Neumar cabinetry in Light Oak make the kitchen in the Dutch Star® a real favorite.

3) You'll feel right at home as you relax in the comfort of this plush recliner.

4) Big cabinets frame the beautifully etched mirrors and walk-around queen size bed.

5) Richly designed day/night pleated window shades and lambrequins adorn the decor throughout and are standard equipment on the Dutch Star Class A. The beautiful Corian® countertops feature a color coordinated edge and include an acrylic sink as standard equipment.

6) The lovely quilted bedspread with reverse sham set an elegant tone in the slideout master bedroom.

7) Our handcrafted cabinets feature Light Oak raised panel doors. The bed top includes built-in lifts for easy access to the lower storage area.

8 & 9) An AM/FM stereo with CD player has been built into the well-designed, ergonomic dash with plush driver and passenger seats and other neatly planned amenities including a barrel chair and overhead cabinets.
We love an educated consumer. The more you know about recreational vehicles, the more you’ll appreciate ours. Some manufacturers might call our recreational vehicles “over built” - but, that’s a compliment to us. We make no apologies for building the finest recreational vehicles in the world.

Although Newmar® recreational vehicles are created and assembled in one of the largest and most advanced facilities, it’s talented people that build our products. We are located in the heart of Amish Country in Nappanee, Indiana. Our employees blend old world craftsmanship with new technological advances that set our products apart. And, because our products are built better, every Dutch Star carries our famous 3-Year, Bumper-to-Bumper Warranty.

It's a simple process for you to verify the quality of our products. The first step is to visit your Dutch Star® Dealer and examine one of our fine products for yourself. Then ask a Newmar owner and learn first hand from someone who has experienced Newmar quality.

Dutch Star Diesel Pusher and Class A motorhomes are built strong. Our aluminum sidewalls and roof are built 16" on-center, and 5/8" foam insulation is laminated into the sidewalls and ceiling along with an additional R7 in the sidewalls, floor and roof of the Class A. The Diesel Pusher has an R value of R11 in the roof and R7 in the sidewalls and floor.

Now you’re ready for the final, and most enjoyable step, choosing a Dutch Star model that suits you. We challenge you to compare the quality of our Dutch Star models to any other, because we’re sure you’ll agree - there is none better than the best - Dutch Star from Newmar.
Newmar® challenges the notion that you have to be at home to feel at home with the Dutch Star Diesel Pusher. For 2000, the Dutch Star is a statement of supreme confidence and taste blended expertly into the place you call home. We offer three interior color schemes - Rainforest, Blue Mist and Pale Amber, that coordinate perfectly with your choice of Light Oak as our standard woodgrain or Frosted Maple and Washington Cherry as tasteful options. Two new exterior graphic packages offer contemporary style in either Sahara Green or Slate Blue.

Spend some quality time selecting which Dutch Star speaks most eloquently for you - then call it home!
1) Whether dining or relaxing, you will do it in style and comfort in this popular Dutch Star model.

2) The fully appointed Dutch Star kitchen has all the comforts of home and, for 2000, includes a premium cast acrylic sink.

3) Rich (optional) cabinetry plus matching window treatments and bedding add elegance to this Dutch Star master bedroom.

4) The driver's seat in the Dutch Star Diesel Pusher is a 6-way power model. The dash includes a radio with CD player.

5) An optional leather/linen L-lounge adds ambience and comfort fit for a king.

6) Located on the curb side, the optional leather/linen L-lounge is a luxurious complement to the beautiful living area. The dinette features a hidden leaf table, two elegant chairs plus two folding chairs, adding a finishing touch to the beautiful decor of the living/dining area.

7) The beauty of the master bedroom is shown in the handsome cabinetry and color-coordinated decor. Access to the lower storage area is made simple by using the lifts located under the bed.

8) Ceramic tile floors, rich cherry cabinetry and beautifully designed amenities help make this Dutch Star kitchen a popular choice.
For more than three decades, Newmar has been building America's most popular recreational vehicles. Right from the start, customers like you recognized that a Newmar recreational vehicle was something special. In a world of cookie-cutter RVs, a Newmar product has always stood out for its innovative features, outstanding performance and unparalleled quality. And, while we're proud of our tradition of excellence, we won't rest on our laurels. We're constantly refining our recreational vehicles to make them even better. We believe the models featured in this catalog are the finest we've ever built. And, we back them with a bumper-to-bumper, three year warranty.

Thanks for taking the time to look over our products. We sincerely hope you will become one of our many satisfied customers who have learned that Newmar truly is an American Tradition of Excellence.

Mahlon Miller
Chairman of the Board

We invite you to visit our state of the art production facility in Nappanee, Indiana.

Plant tours are offered at 10:00 a.m. and 1:00 p.m., Monday through Friday.

Don't forget to check out the Klub—the Newmar Country Klub. All you need for eligibility is to be a proud owner of any of the fine Newmar recreational vehicles.

Compliments of:

Newmar Corp.
An American Tradition Of Excellence

We invite you to visit our state of the art production facility in Nappanee, Indiana. Plant tours are offered at 10:00 a.m. and 1:00 p.m., Monday through Friday. Don't forget to check out the Klub—the Newmar Country Klub, that is! All you need for eligibility is to be a proud owner of any of the fine Newmar recreational vehicles.
