1. Open up your flat floor slideout and you will discover an elegant open space designed for living and dining in Newmar luxury.

2. The elegant tones of Washington Cherry throughout the spacious kitchen give an inviting look.

3. Comfort and style are an integral part of the Mountain Aire.

4. The driver and passenger seats are enlarged for added comfort. A huddled woodgrain desk puts everything within easy reach.

5. Certain conveniences are standard as well as our fine cabinets.

6. Lots of storage and cabinet space have been included in the master bedroom.

7. A beautiful desk with overhead cabinetry complements the handsome entertainment center.
Who says you can't take it with you? Isn't that the whole idea behind a fully appointed motorhome? All the comforts of home and no lack of creature features. Mountain Aire® Diesel Pushers bring a new standard of motorhome living to the leisure world with the 1999 lineup. Select from five exciting 40' models that are built on our 101" widebody chassis. All of these great models are available in a choice of five interiors with three excellent woodgrains—Light Honeyed Oak, Frosted Maple and Washington Cherry. Sleek lines are beautifully captured in your choice of three fully painted exteriors. When you put it all together—you can take the best with you.

Newmar's Mountain Aire® Diesel Pusher—see the new standard at your Newmar® dealer soon.
NEWMAR SLIDEOUTS
A TRAVELING SUCCESS

There are a lot of slideout
rooms, but there is just one
Newmar. It's a Newmar® exclusive. We pioneered it in 1990, we
perfected it. To prove it, we urge you
to visit your Newmar® dealer. He will
show you the Newmar® difference.
You will see the room move to its
full extension instead of stepping
at that same level, the entire room
quickly lowers to match the main
floor. FLAT, FLUSH and FIRM.
That's why it's patented.

1] The living room and dining room are
elegantly combined in the patented flat
floor slideout. 2] Large driver and
passenger seats assure a comfortable
place to guide you on your way. 3] A
unified overhead desk incorporates a
workstation. 4] Matching bedspreads,
pillows and window treatments
enhance the beauty of the Mountain
Aire® master bedrooms. 5] A well
planned bath means plenty of storage
and plenty of room. 6] In this popular
floor plan, the kitchen and living areas
are incorporated into the slideout.
7] A large choice swivel recliner is an
excellent option in the Mountain Aire®
Class A. 8] A beautiful dining is sur-
rounded by fine Newmar® ceilings.
You know the right decisions are based on a full review of the facts. But sometimes, pure passion takes over. Best of all is when both sound reasoning and impulse say yes. That's when the choice is easy—and you go for the finest in Class A Motorhome value—the Mountain Aire® from Newmar®. Because our motorhomes are built better, every Mountain Aire® carries our famous three year warranty. With eight great floor plans, three sleek exterior graphic exteriors and five interior options, your choice won't be easy. So, let your passion and impulse go shopping for the best value available. You can choose from three elegant woodgrains: Light Honeyed Oak, Frosted Maple and Washington Cherry, that blend harmoniously with Mountain Aire's distinctive interior appointments, all of which you can experience for yourself at your Mountain Aire® dealer.
1-2. The Mountain Air Fifth Wheel incorporates our patented fresh air slideout to provide added room for your comfort. As a great option, you can select our new sofa with dual recliners and cozy down sweatshirt. A kitchen like this one is usually only seen in designer magazines. There are plenty of beautiful cabinets plus our practical Corian countertop. The countertop features electronic ignition and sealed burners and the microwave has been improved this year for added convenience.

4. We've incorporated a desk conveniently located adjacent to the kitchen. 5-6. The big master bedroom has a walk-around, queen-size bed plus plenty of rich cabinetry and storage space. A twin-plush-sleeved recliner provides great comfort in the spacious big window arrangement. 8. Storage space has always been a Mountain Air hallmark. There's even a built-in TV (optional). 9. A flip-down desk that houses your computer is built-in alongside a complete entertainment center designed to hold a 27" TV.
Clearly the best designed, best built Fifth Wheels on the market today are the 1999 Mountain Aire® models from Newmar®. There are thirteen great floor plans in lengths from 32' up to 40' to choose from. For 1999, the Mountain Aire® Fifth Wheel features all new graphics in two color choices. Inside you can choose from five interiors with three great woodgrain selections: Light Honeyed Oak, Frosted Maple and Washington Cherry.

The Mountain Aire® Fifth Wheel line-up is comprised of more than just great styles. Its uncompromised structural quality sets it apart from the competition. All welded aluminum sidewalls and truss-style rafters built 16" on center, combined with a 2" x 3" floor with decking and a 12' I-beam framework, guaranteed structural quality.
