Newmar® is proud to offer you the finest line of recreational vehicles available. Our tradition of designing and building quality recreational vehicles has long been recognized along with the fact that our own participation in recreational vehicle living gives us the experience and knowledge to build superior products for our customers.

We appreciate your taking the time to look over our brochure and products at our authorized dealer showrooms. We sincerely hope to earn you as one of our many happy customers who have learned that Newmar® is An American Tradition of Excellence.

Mahlon Miller
Chairman of the Board

We invite you to visit our state of the art production facility in Nappanee, Indiana.
Plant tours are offered at 10:00 a.m. and 1:00 p.m., Monday through Friday.

Newmar KountryKlub
Don't forget to check out the Klub—the Newmar® Kountry Klub, that is. All you need for eligibility is to be a proud owner of any of the fine Newmar recreational vehicles.

Compliments of:

A solid focus on excellence guides every decision at Newmar®, a major force in the recreational vehicle marketplace for over 31 years. From top management to the newest employee, the goal is well understood - this Newmar® product is going to be owned by a person who deserves the best we can produce. That is what we promise, and that is what we deliver.

**Newmar Pride Shows In Every Cabinet We Build**

Our cabinet shop is a true source of Newmar’s pride in skilled craftsmanship, where each piece is created on-site, by caring hands.

**Strength and Durability**

The welded aluminum sidewall construction is built with 16" on center framing, providing the strongest and most durable construction possible.

Cross-style rafters are built to last in every cabinet we build, ensuring long-lasting quality. Air conditioning duct work is incorporated into the design, ensuring optimal performance.

A full coverage of fiberglass insulation completes the insulation process, creating a composite R value as high as R22.
NEWMAR SLIDEOUT
A TRAVELING SUCCESS

There are a lot of slideout rooms, but there is just one Newmar®. It's a Newmar® exclusive. We pioneered it in 1990, we perfected it. To prove it, we urge you to visit your Newmar® dealer. He will show you the Newmar® difference.

You will see the room move to its full extension, instead of stepping—the entire room quietly lowers to the same level matching the main floor. FLAT, FLUSH and FIRM. That's why it's patented.

WE USE TECHNOLOGY TO THE FULLEST

Newmar engineers are specially trained on the latest CAD systems to continually provide new and innovative approaches to their designs.

Newmar's image and reputation as the very best among recreational vehicles is the direct result of aiming for perfection. While much of today's emphasis seems to be placed on cutting corners, Newmar® continues to insist on first class quality and long term dependability. For Newmar® owners, this translates into more pleasure and personal satisfaction.
1] Elegant, clean and complete with luxury appointments are how we describe the Dutch Star Class A. With the push of a button, you can expand your luxury with our patented flush floor slideout. 2] The Dutch Star master bedroom has deeper overhead cabinets for added storage room.

3] You are in command with comfort and style in the Dutch Star Class A. 4] We've lowered the microwave for easy access and made our beautiful Corian countertops standard equipment on the Dutch Star Class A. 5] Trackless nylon carpet and beautiful furniture blend harmoniously with the Dutch Star's interior decor.

6] Sit back and relax in furniture designed for comfort without sacrificing style.
For over three decades, Newmar® has been building America's most popular motorhomes. Right from the start, discriminating, experienced buyers recognized that a Dutch Star® motorhome was something special. In a world of cookie-cutter products, Dutch Star® has always stood out for its features, performance and unparalleled quality.

And while we're proud of our tradition of excellence, we won't rest on our laurels. We're constantly refining our products to make them even better. We believe the Dutch Star® models featured in this catalog are the finest we've ever built. And we back them with the industry’s best warranty. Quality. Performance. Lasting value. They've made Dutch Star® An American Tradition of Excellence.

Our Dutch Star® Class A line-up boasts eight superb models from 29 to 36 feet in length.

There are two external graphic packages available and inside, all Dutch Star's Class A models now feature a roomy 94'' wide interior. There are four new interiors in two colors that blend perfectly with your choice of Light.

Honeyed Oak or Snow Maple woodgrains. No matter what model or color Dutch Star® you choose, we're confident you will become another satisfied customer who learned of Dutch Star’s proud tradition.
There is truly room to live in this handsome slideout room that features our patented flat-flush floor. Relax in Dutch Star style with this L-sofa. Fresh and controls are easily accessible from the luxurious comfort of the large driver's seat. Deeper overhead cabinets were designed to add more storage space in the master bedroom. Our fully appointed kitchen has all the comforts of home. The range features sealed burners and piezo ignition, the countertops are Corian®—a Dutch Star® standard. Carefully chosen and matched color schemes complement the warm complexion of our handcrafted cabinetry. You never have to sacrifice comfort on the road with Dutch Star's recliner.
A lot of motorhomes are great looking. But it's the details that separate Dutch Stars® from the also-rans. Sure, our legendary motorhomes have great exteriors and luxurious interiors. But take a closer look and you'll discover painstaking attention to detail that runs more than skin deep.

Because our motorhomes are built better, every Dutch Star® carries our famous three year warranty. We start with the finest materials available and compromise nothing in designing and building the best Diesel Pusher on the market. The 1999 Dutch Star® Diesel Pusher line-up features four excellent models that are available in 38 foot lengths. We offer five interior color packages to blend your taste with the rich elegance of wood in Snow Maple, Light Honeyed Oak or Cherry. Discover Newmar's passion for detail and luxury that is proudly displayed in the Dutch Star® Diesel Pusher.
