Newmar brings you the highest quality, luxury 5th wheel products in the industry, which is even more prevalent in the all new, 1997 lineup. All models are conceived with the notion that recreational vehicle living is its own reward. This conviction lies at the core of Newmar’s philosophy.

**London Aire® Fifth Wheel**

Crafted with quality and confidence, style setting London Aire® Fifth Wheel products are a well established Newmar tradition. The tradition continues with this year’s exciting new models.

Virtually no manufacturing method is too complex or too time consuming if its implementation will improve our final product. For example, the seamless front and rear fiberglass caps that create a “unitized body.” Additionally, the central air conditioning duct work is built into the aluminum framed truss roofing system. The floor is made from 3” spruce joists covered with sturdy decking and fully insulated for comfort and sound deadening.

The success of our products is no accident. It is the result of a deliberate ongoing process involving dedicated craftsmen, experienced management and satisfied customers.

It’s our American Tradition of Excellence.
