Begin your tour of America's great outdoors with a trip through the doors of Newmar in Nappanee, Indiana. You're invited to tour our plant weekdays 10 a.m. and 2 p.m. E.S.T. and learn firsthand how a Newmar RV, which embodies the principles of design innovation, old world craftsmanship and uncompromising quality control, results in a world-class product.

You'll see how an RV is designed and built by people who are themselves experienced RVers. Their sole purpose, one they'll be glad to explain personally, is to ensure that your RV is as durable and dependable years down the road as it is the day it leaves Nappanee. You can't miss us, we're just off U.S. 6 west of town. We'll be looking forward to seeing you and welcoming you inside a company that is setting standards and initiating trends throughout the industry—Newmar Corporation.

Newmar Corp.

355 N DELAWARE ST
P O BOX 30
NAPANEE IN 46550-0030

The price tags on these coaches imply “entry level”, but the quality and appearance far surpass it. It is equipped with all the necessities and standard features, yet incorporates richly appointed interiors and a wide range option list. If you’re in the first-time motorhome buyer’s market, the 1994 Dutch Star Class A is the perfect RV for you.

If you’re after more power, room and longer distance capabilities in an entry level motorhome, the 1994 Dutch Star Diesel Pusher is for you. The added horsepower and torque of the Cummins diesel engine provides ample power and maneuverability over all terrains. And, as with all Newmar products, either of these coaches offer comfort in all types of climates thanks to their impressive R-factor ratings. When you’re looking for Newmar quality in an entry level motorhome, Dutch Star is the brand to choose.
The new storage door design on the Kountry Star conventional Class A motorhome is more practical and visually appealing too. If you're after a mid-range level pusher or conventional Class A motorhome, look no further than Kountry Star for 1994.

Newmar realizes the importance and necessity of storage space in motorhomes. Not only must there be ample storage areas, but they must be conveniently located, weather-proof and easily accessible. Our new door design on storage compartments is larger, easier to operate and stows out of your way when open.

Kountry Star motorhomes are your mid-range ticket to elegance. Luxury and practicality combine with Newmar’s reputation for quality in the Kountry Stars while offering attractive pricing in line with the mid-range market. Whether your needs dictate the Kountry Star Diesel Pusher with the added room, power, comfort and handling, or the conventional Class A which is top of the line in its class, Kountry Star has the right motorhome for you.

Kountry Star, with its slideout, has all the grandeur and luxury of a high-end coach. Both the conventional and the pusher provide lots of storage space and water capacities.
Slideouts are nothing new to Newmar Corporation. Newmar is the innovator of motorhome slideouts. Our unique mechanism is quiet, durable, compact and simple to use. These slideouts provide much added room and comfort and give the area a spacious feeling uncommon in conventional motorhome floor plans.

Slideouts are available in all Newmar motorized brands.

Motorhome slideouts are also functional in the retracted position.

Ample dressing room and a practical use of space merge to create one of the most comfortable RV bedroom designs in the industry. It's Newmar's uncanny ability to manipulate a given amount of space into useable living area that makes Newmar a leader in RV design. This Mountain Aire Class A bedroom is no exception.
The 1994 Mountain Aire rounds out the complete line of Aire motorhomes. This brand of conventional Class A motorhome offers all-aluminum construction inherent in the Aire line as well as many of the standard features available in its cousins London Aire and Kountry Aire.

Mountain Aire Class A's have the beauty, quality and reliability that all Newmar products are known for but fill their own niche in the market. These coaches provide veteran RVers with a luxury class vehicle. It is attractively priced and maintains that distinctive Aire profile that made Newmar famous.

Kountry Aire is the flagship of Newmar Corporation. The conventional Kountry Aire Class A's are top of the line and a combination of Old World Craftsmanship and Today's Technology. Kountry Aire is the 1st choice of return customers because of features like all-aluminum construction, greater water capacities, richly appointed interiors and the innovative motorhome slideouts. Look at the others and then try ours...you'll love the difference.

Newmar's exclusive slideouts and mechanisms are truly unique. They provide a whole new dimension in space and comfort with a push of a button. Motorhome slideouts are a different breed from towable slideouts because not only must they be functional while in use, they must also be usable when retracted. The mechanism is compact, rugged, quiet, reliable and is simple to operate. If it's beauty, space, comfort and dependability you're after, look no further than the Kountry Aire Class A for '94.
The ultimate 1994 London Aire Diesel Pusher is Newmar's top of the line in a luxury motorhome, and ranks at the top of the industry in beauty, quality and value. London Aire's durable Spartan Mountain Master chassis, provides unmatched strength and rigidity necessary for smooth travel and livability.

Backed by our Limited Lifetime Warranty on the all-aluminum superstructure, the London Aire Diesel Pusher stands alone as your best value. London Aire offers 5 interior color options for '94 with a choice of oak or cherry hardwoods. Add a slideout to these luxurious interiors and create a residential look and feel with ample room for your comfort and convenience. Newmar is the innovator of the motorhome slideout. There are no hydraulics to leak and our sliding mechanism functions smoother and quieter than any in the industry.

London Aire — "Lifetime Limited Warranty on Superstructure"
Newmar Corporation warrants the Superstructure which includes the following items: Aluminum Framing in the Sidewalls and Roof. If any part of the Superstructure fails to perform properly because of faulty workmanship or materials supplied by Newmar, during the ownership of the original buyer, it will be repaired without charge for either parts or labor by Newmar providing the proper claim procedures are followed. All other items excluding the Superstructure are covered under the standard Newmar 1 Year Limited Warranty. See Owner's Manual for details.

Kountry Aire, Mountain Aire — "5 Year Limited Warranty on Superstructure"
Newmar Corporation warrants the Superstructure which includes the following items: Aluminum Framing in the Sidewalls and Roof. If any part of the Superstructure fails to perform properly within 5 years from the date of purchase because of faulty workmanship or materials supplied by Newmar, during the ownership of the original buyer, it will be repaired without charge for either parts or labor by Newmar providing the proper claim procedures are followed. All other items excluding the Superstructure are covered under the standard Newmar 1 Year Limited Warranty. See Owner's Manual for details.

Kountry Star — "2 Year Limited Warranty on Superstructure"
Newmar Corporation warrants the Superstructure which includes the following items: Aluminum Framing in the Sidewalls and Roof. If any part of the Superstructure fails to perform properly because of faulty workmanship or materials supplied by Newmar, during the ownership of the original buyer, it will be repaired without charge for either parts or labor by Newmar providing the proper claim procedures are followed. All other items excluding the Superstructure are covered under the standard Newmar 1 Year Limited Warranty. See Owner's Manual for details.

All other products are covered by the standard Newmar 1 Year Limited Warranty. See Owner's Manual for details.

Newmar Corporation invites you to tour our full line of fine motorhomes throughout our brochure. The innovations you'll see will explain our progressive way of doing business. With 26 years of experience, we've managed to perfect slideouts, including the first major motorhome slideouts.

When we refer to Old World Craftsmanship blended with Today's Technology, we're implying literally that with all the advanced and contemporary concepts we've created, Newmar employees still maintain those old world ways in quality and craftsmanship. These fine products are designed and built by RVers for RVers. We know the needs and expectations of our customers because not only do we design, build and sell RVs, we also use them. If it's comfort, elegance and reliability you're shopping for, look no further...Newmar Corporation has the perfect Motorhome for your needs and budget.
