The American Star line of recreational vehicles — Travel Trailers, Fifth Wheels and Mini Homes — is a quality wooden framed line that affords American families everywhere the opportunity to enjoy one of America's fastest growing recreations, Camping. These fine RVs are so competitively priced, so attractive inside and out, so well put together and practical that we feel confident that more and more first-time buyers are going to think of Newmar Corporation's American Star line automatically when they are ready to purchase their first new recreational vehicle.
