What makes the Kountry Lite Travel Trailer special? Two things: the outside and the inside.

Outside, it's obviously good looking, with clean lines and bold striping. Beyond that, it's precision engineered to let the air flow over and around it, thus reducing air drag — and your fuel consumption!

Inside, it's clearly beautiful. But it's also smart — in terms of design and function. Every detail, every niche is purposefully planned to allow you the best use of your space. Like a roomy kitchen featuring a slide-out pantry, four-burner range, lighted hood and vent, and generously proportioned refrigerator.

From any side, the Kountry Lite Travel Trailer is special — and you can make it specially yours when you select the floor plans, colors and options that suit just you.

The Kountry Lite switch is on!

The Kountry Lite Fifth Wheel is the go-anywhere, do-anything Fifth Wheel! Versatility is built right into every Kountry Lite, along with plenty of other standard features. Like the comfortable dinette with back bar for extra serving space. A handy porch light with an indoor switch. And roomy exterior storage compartments. These are just a few of the details we’ve included to suit you and your vacation needs.

Whether it’s just you, or a full crew of family or friends, the Kountry Lite Fifth Wheel can accommodate you all, spaciously and in style. Choose from many thoughtfully laid-out floor plans; pick out a color package that’s you. Then, get up and go!
