

Premium Features:

- Comfort Drive™ steering assist system with variable driver's effort control feature
- Independent front suspension
- Electronic suspension control system with self-leveling feature including air compressor for extended stays
- Automatic heated moisture ejectors with color-coded lanyards
- Side-mounted service center
- Connected Coach™ digital dash display
- Passive steer tag axle
- Heavy Haul trailer mode
- 3-stage engine compression brake
- 20,000 lb towing capacity
- Power tilt & telescoping steering column
- SMART steering wheel with leather details & phone controls
- Spartan Passive Keyless Start
- Suspended adjustable pedals
- Memory setting controls for seat, mirrors, pedals, and steering column for drivers 1 and 2
- Air disc brakes at all wheel positions
- Available CURT Spectrum™ trailer brake controller

Spartan Advanced Protection System® (APS)

- **Spartan Safe Haul™** The industry's only factory-chassis integrated air supply for tow vehicle brake systems.
- **Collision Mitigation with Adaptive Cruise Control** alerts the driver of potentially dangerous driving scenarios and adjusts speed to maintain a safe following distance.
- **Electronic Stability Control (ESC)** helps the driver maintain control of the coach in extreme steering maneuvers by automatically controlling individual brakes to help keep the coach moving in intended direction.
- **Automatic Traction Control (ATC)** helps the driver maintain traction under the drive axle tires in slippery conditions by automatically applying brakes on the wheel end that is slipping. This helps transfer power to the wheel end with more traction.
- **Tire Pressure Monitoring System (TPMS)** displays tire pressure and temperature for individual tires. The system will alert the driver if any tire pressure or temperature exceeds set thresholds. The system is expandable to monitor towed vehicles as well.
- **Lane Departure Warning** with sign and pedestrian recognition warns the driver with visual and audible alerts. The system will alert the driver in real time, so necessary corrections can be made.

Specifications:

Engine

Cummins X15
18.7 CFM Air Compressor
1500 Watt Block Heater
Peak HP: 605 hp @ 1800 RPM
Peak Torque: 1950 lb-ft @ 1150 RPM

Transmission

Allison 4000MH

Chassis Ratings

GVWR: 54,000 lb
Front GAWR: 20,000 lb
Rear GAWR: 20,000 lb
Tag GAWR: 14,000 lb
GCWR: 74,000 lb

Suspension

Front: Independent front air suspension with 20,000 lb capacity
Rear: Non-torque reactive parallelogram air suspension with 23,000 lb capacity
Tag: Parallelogram air suspension and integrated passive steering tag axle with 14,000 lb capacity

Bilstein Shocks

Front: 60 mm
Rear: 46 mm
Tag: 46 mm

Brakes

ABS: WABCO 6S/6M with electronic stability control (ESC)

Front: Air disc
Drive: Air disc
Tag: Air disc

Steering

Comfort Drive steering assist system for smoother, more precise steering
Column: Comfort Drive w/ power tilt & telescope

Fuel System

Fuel tank: 200 gallon with dual side fill
DEF tank: 15 gallon, dual side fill

Electrical System

12v electrical system
Batteries: Two 950 CCA
Alternator: 350 amp

Cooling System

Side-mounted radiator: parallel airflow system with low-profile radiator

Frame

Raised rail design for frame strength and basement storage

Tires

Front: Michelin XZA 365/70R22.5 LRL
Rear: Michelin X Line Energy Z 315/80R22.5 LRL
Tag: Michelin X Line Energy Z 315/80R22.5 LRL

Wheels

(6) Aluminum wheels with Dura-Bright® finish and dress kit
(2) Steel wheels on inside duals

Wheelbase

292" + 48" tag
