My job is to build the window treatments that go in the living rooms, which includes covering the wood with fabric and assembling the legs to complete the lambrequins. It requires a lot of attention to detail. I focus on making sure every single one isn't

just complete, but excellent. Newmar is known for quality craftsmanship, and I think paying attention to detail is a key part of that. For me, it's really rewarding to make beautiful things that give our Newmar coaches a special edge.

2020 Essex — Everything You Dream of

Designed to provide superior luxury and residential comfort, the 2020 Essex is a marvel to behold. Comfort Drive™ steering ensures easy handling, and memory settings for the driver's seat, pedals, steering column, and mirrors add convenience. With abundant cutting-edge safety features – like OnGuard™ collision mitigation technology, a Mobileye® lane departure warning system, adaptive cruise control, and automatic high-beam headlights – you can focus on enjoying the journey. Built on a Spartan® chassis, Essex offers six floor plans, two of them brand new for 2020 – so you can choose the one that perfectly complements your lifestyle.

Windham full-paint Masterpiece™ finish

Style with — Substance

The Essex cockpit presents you with heated and cooled Ultraleather™ captain's chairs to ensure your comfort. An optional massage feature is also available. Your trips can be guided by a touchscreen navigation system, and on the passenger side, an extra navigation monitor is now included. Enjoy perfect clarity from your favorite songs or podcasts with the JBL® sound system and slimline subwoofer. Control of your coach is at your fingertips by way of a Samsung® tablet that allows you to adjust electronics, lighting, shades, keyless entry, and more. Wireless charging pads on the driver and passenger sides keep your devices at the ready, and internet connectivity and a Wi-Fi booster are standard equipment.

Your Room — to Relax

In the Essex living room lies a full complement of entertainment features, including a retractable Samsung® 4K LED TV, Blu-ray player, and Bose® 300 soundbar. Sink into the comfortable Ultraleather® chaise lounge, which sits opposite a hide-a-bed sofa. Using the remote control thermostat, you can adjust the interior temperature to your preference and let the three 15M Penguin™ heat pump central air conditioners take care of the rest. Luxury tile plank floors are found throughout the coach, and a cathedral ceiling adds extra height in all rear-bath floor plans. An optional Euro booth dinette offers up spacious comfort that's ready for an occasion.

A Foodie's — Dream

Cooking in the Essex kitchen is a joy thanks to a host of chef-worthy appointments. It starts with the stainless steel GE Advantium® convection microwave and the recessed electric two-burner induction cooktop. Pearl glazed hardwood maple cabinetry features soft-close doors with elegant raised panels. Matching wood overlays adorn the door of the Whirlpool® refrigerator. And to complete the look, an optional dishwasher with a wood front panel is available. Thoughtful extras like pull-out pantry shelves, concealed LED lighting, and a Delta® Touch20 faucet round out the kitchen's impressive list of features.

Your Private — Retreat

The luxurious master suite is designed to help you relax, unwind, and wake refreshed. A supremely comfortable king-size Sleep Number™ adjustable mattress and quilted bedspread ease you into restful sleep. A window above the bed allows you to rise with the sun, or sliding doors conceal it if you'd rather sleep in. To ensure your devices are powered up, wireless charging is built into the countertops of both nightstands, and opposite the bed, a spacious dresser grants you six soft-close drawers to neatly store your belongings. For your entertainment, a second Samsung® LED TV, Blu-ray player, and Bose® Bluetooth®-compatible soundbar are sure to enhance every movie night.

A Space — to Indulge

The spa-like master bathroom blends elegant design with all the features you'd expect in a luxury coach—and then some. An Aqua Miser® warm water conservation system is found inside the shower, which also features full tile on the walls and floor and a fold-down seat. The vanity's super-polished countertops surround dual sinks, and concealed behind a cabinet door, the stacked Whirlpool® washer and dryer helps you avoid the laundromat. In select floor plans, a mid-ship half-bath greets your guests, reflecting the same thoughtful attention to detail you'll find in the master space.

Make an — Impression

The outdoor lifestyle is yours to embrace beneath dual Girard® Nova side awnings equipped with wind sensors and LED lights. Those who love to host friends and family can select the optional outdoor entertainment center, which grants you a Samsung® TV and a soundbar. A Dometic® pull-out cooler comes standard, and at the entry door, a doorbell alerts you of visitors, and a keyless lock with a touchpad adds convenience. A security system can be optioned for additional peace of mind. Plus, the powerful 12.5 kW Cummins® Onan diesel generator with auto changeover assures reliable power and is positioned on a hydraulic slideout tray.
