Super Class C Motor Coach

Say *yes* to adventure.

Where will *your coach* take you?

A New Star Has Arrived — 2020 Super Star

The brand-new 2020 Super Star has been more than two years in the making. And now, it's finally here, offering you industry-exclusive innovations you simply won't find from competitors—starting with the full air-ride cab, which has been specially engineered to provide an astonishingly smooth ride you have to experience to believe. Plus, each Super Star offers a full-wall slide-out and an exclusive step-free aisleway, and to invite more natural light into the cabin, a large sky window is located over the cockpit. As the only manufacturer of Super C coaches with pass-through storage, you get more basement space for your belongings than any other model on the market—with easy access from either side and the rear cap. Other standard features include a 20K rear towing hitch, cruise control, an energy management system, and convex remote-controlled exterior mirrors with defrost. Each Super Star is built on a lightweight yet tough Freightliner® M-2 106 chassis, and for lasting beauty, we apply our industry-exclusive full-paint Masterpiece™ finish to the exterior.

Windwood full-paint Masterpiece™ finish

A New Level — of Refinement

In the Super Star's nicely appointed cockpit, you'll find air-ride captain's chairs that feature pneumatic lumbar support to enhance your comfort while traveling. Overhead, the large sky window lets natural light come flooding in, while a power shade helps darken the cabin when preferred. A standard Rand McNally® navigation system is displayed on a 6" monitor to guide your route with turn-by-turn directions, while the custom-tuned JBL audio system maximizes your enjoyment of your favorite music or audiobooks. Side-view cameras also come standard, so you can easily keep an eye on your surroundings as you make your way. And with two available in-coach Wi-Fi solutions, you stay connected to what matters, wherever the road leads.

Floor plan 4061 with Windwood décor and Glacier glazed maple cabinetry

Living the — Good Life

The Super Star living room is at once spacious and cozy, designed to help you relax and enjoy your time. Floor plan 4061 presents you with a Flexsteel® Ultrafabric hide-a-bed sofa and two ottomans, all positioned opposite a Villa Comfort Fit convertible booth dinette. Additional furniture options are also available, including a sofa bunk, a pair of recliners, and a buffet dinette. Standard entertainment features comprise a Samsung 50" LED 4K TV, a Sony® Blu-ray player, and a Bose® Solo 5 soundbar. Adding style and sophistication to the space are the ventless designer feature ceiling, hardwood slide-out fascia, and six-panel interior passage doors. And you'll be comfortable wherever you travel courtesy of two Penguin™ heat pump air conditioners with wall-mounted sensors.

Gourmet — Goes with You

The Super Star galley is well-equipped to delight home chefs of all skill levels. It starts with the impressive standard appliance package, which features a Norcold® refrigerator with brushed aluminum door insert panels, a three-burner recessed gas cooktop with a cover, and a stainless steel convection microwave. Upgraded appliances are also available, including a dishwasher, an electric cooktop, and an optional four-door Norcold® refrigerator, shown here. Super Star's polished solid-surface countertops are as functional as they are stylish, and the hand-laid tile backsplash is a highlight of the space. The hardwood face frame cabinets, pictured here in glacier, boast soft-close drawers for a residential feel. And select floor plans, including 4061, grant you pull-out pantry shelves for even more storage.

Spa-like — Serenity

In the Super Star bathroom, discover a polished solid surface vanity top with an undermount sink, all set off by a tile backsplash. The 40" x 32" shower offers attractive Sentrel walls, a glass door, and an Aqua Miser shower system, and a fold-down shower seat is also available. Medicine and linen cabinets provide storage for your essentials, and to help you easily rinse off dirty equipment or sandy feet, an exterior shower comes standard.

Bring It All — with You

Step into Super Star's entry door, and you'll find an extra-large storage closet positioned conveniently to your left. With its proximity to the kitchen, it's perfect for storing all your entertaining, cooking, and dining supplies. And thanks to the generous shelf space, there's still plenty of room left over to stash equipment for your favorite outdoor activities—like towels, sporting equipment, or grilling tools.

Your Room — to Relax

Escape to the Super Star master bedroom and you'll find the perfect space for a good night's sleep. Awaiting you in floor plan 4061 is a king-size plush pillow top mattress, which you may choose to upgrade to a Sleep Number adjustable mattress. A six-drawer dresser and a rear-wall hanging wardrobe present you with abundant storage for clothing and accessories, and each nightstand is equipped with a USB charger to keep your devices at the ready. If movie night is on your agenda, simply turn on the Samsung 4K LED TV and the Blu-ray player, which are positioned across from the foot of the bed. An available Splendide® stacked washer and dryer can be added to make laundry day a breeze.

Unrivaled in — Every Way

Super Star's living space extends into the great outdoors, inviting you to relax with a book or magazine beneath the Girard® G2000 integrated side awning. Optional upgrades are available, too, including a Carefree window awning package with either three or four window awnings. An automatic hydraulic triple entrance step makes it easy to enter and exit the coach, while a keyless entry touch pad with a doorbell adds security and peace of mind to your travels. Frameless double-pane windows, Carefree slide-out toppers, power baggage door locks, and hydraulic leveling jacks all come standard, and power is supplied to the coach by an 8.0 kW Cummins Onan® diesel generator.
