BAY STAR

DUTCH STAR

KOUNTRY STAR

The outdoors for everyone.

At Newmar, we've always believed that travel and the outdoors are for everyone, regardless of mobility. It's why we built the world's first wheelchair-accessible Class A RVs—and why we've continued to improve the designs of our mobility lineup every year.

Inside this brochure, you'll find information about our three of our coaches and their specific mobility-friendly floor plans: the gas-powered Bay Star, and the diesel Dutch Star and Kountry Star.

Every model includes accommodations like fully integrated lifts, extra-wide aiseways, additional space around the bed, and more.

You should be able to travel on your own terms, and there's a coach here that will help you do it.

Bay Star 3811

Gas Motor Coach

The Bay Star will make you rethink what you know about gas coaches, and the amenities you'll find inside make it clear that it stands out from the crowd. We've combined a standard, ADA-approved BraunAbility® electric lift with other accessible features—plus a 30-inch wide aisleway that runs the length of the coach.

- 01 48" x 36" roll-in shower with adjusted seat and showerhead.
- 02 A larger wardrobe to accommodate additional needs.
- 03 Floor-to-ceiling mirrored doors.
- 04 A fully-integrated BraunAbility® electric lift.

Lengths, heights, widths, and dry weights are approximate. Weight will vary based on optional equipment added to the above base weight.

GAWR: Gross Axle Weight Rating is the maximum permissible weight for an axle.

GVWR: Gross Vehicle Weight Rating is the maximum permissible weight for a fully loaded motor coach.

GCWR: Gross Combination Weight Rating is the value specified by the manufacturer of the vehicle as the maximum allowable loaded weight of this motor coach and any towed trailer or towed vehicle.

UVW: Unloaded Vehicle Weight is the weight of this motor coach as built at the factory with full fuel, engine oil, and coolants. Does not include cargo, fresh water, propane gas, or dealer-installed accessories.

NCC: Net Carrying Capacity is the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, waste water, propane gas, tools, tongue weight of towed vehicle, dealer-installed accessories, etc., that can be carried by the motor coach.

The Newmar Customer Experience

**The Newmar Difference™ goes beyond our industry-leading motor coaches
to provide you with an unrivaled ownership experience.**

Quality from the Start

Every Newmar is crafted one at a time by folks who have spent an average of eight years building them. And each coach we assemble must undergo more than 1,000 tests and checks before ever leaving our factory.

Carefully Selected Dealers

We view our dealership network in terms of quality, not quantity. Each of our dealers acts as a partner in our shared mission to exceed your highest of expectations, for an ownership experience that's second to none from day one.

Everything in One Place

As a Newmar owner, you'll find resources specific to your coach through Newgle, an easy-to-use knowledge base that houses everything from user guides to technical support documents.

Friends for Life

Meet fellow owners through the Newmar Kountry Klub, a top social club for RV travelers that hosts rallies and other special events throughout the U.S. and Canada.

Seamless Service

When you join the Newmar family, we pair you with a dedicated service specialist with expert knowledge of your exact coach. Our service specialists guarantee dealer warranty authorizations within four business hours and ship all in-stock parts the same day, free of charge.

Rock-Solid Protection

All models include a one-year/unlimited mileage limited warranty and a five-year, non-transferable structural warranty that covers your coach's superstructure in the event it fails to perform. Ask your Newmar dealer for more details.
